## PreK-12 Resources for Emergency Closings

As teachers, students, and families deal with school closures, PBS LearningMedia producers and educators have come together to curate a special collection of resources organized by grade and subject area. Find videos, lesson plans, and activities that support learning at home. Create a free account to save and organize content.

Featured lesson plans in this collection contain full contextualization for the media they include. Plan and adapt our lessons in creative ways, using the Lesson Builder tool, Google Classroom, Remind, and more.

For early educators, we've assembled packets of printable activities to download and share with parents and students. Check out our PreK-K packet, and Grades 1-2 packets.

For Spanish-language content, see our Recursos de PreK-12 para Cierres de Emergencia.

## A Trauma-Informed Approach to Teaching Through Coronavirus

Experts from the National Child Traumatic Stress Network share their recommendations for educators supporting students during the COVID-19 crisis.

BY TEACHING TOLERANCE STAFF  
MARCH 23, 2020

The National Child Traumatic Stress Network (NCTSN) publications, including:

- [this resource created to help school staff when families have to cope in hard times;](#)
- [this resource that educators can share with families facing increased financial difficulty and isolation;](#)
- [this resource, created for older students, which includes recommendations for coping strategies;](#)
- [this toolkit for educators for working with traumatized children;](#)

- [this educator-facing resource on secondary traumatic stress](#);
- [this resource on childhood traumatic grief, available in English and Spanish](#);
- [this video series with Dr. Isaiah Pickens, helping to support educators addressing trauma in their students and caring for themselves](#).

These resources from the NCTSN expand on some of the recommendations above:

- [Parent/Caregiver Guide to Helping Families Cope With COVID-19](#) (available in English, Spanish and Mandarin)
- [Simple Activities for Children and Adolescents Amidst COVID-19 Outbreak](#)
- [Taking Care of Yourself](#)

Educators can may find these resources from the Centers for Disease Control and Prevention (CDC) useful:

- [The CDC is regularly updating information here.](#)
- [Implementation of Mitigation Strategies for Communities with Local COVID-19 Transmission](#)
- [Reducing Stigma](#)

These resources from Substance Abuse Mental Health Services (SAMSHA) may also provide support:

- [Tips for Social Distancing, Quarantine, and Isolation](#)
- [Talking With Children: Tips for Caregivers, Parents and Teachers During Infectious Disease Outbreaks](#)

## Supports for Students With Significant Cognitive Disabilities

(top)

Teachers,

This resource is being provided to support teachers of students with significant cognitive disabilities. The lesson ideas are divided by grade-band from kindergarten through high school. Sections are divided into functional activities associated with time of day (morning, afternoon, evening). Parents should be assured that they are not expected to complete each activity with their child each day. The teacher and parent should work together to select activities that will help meet the needs of the individual student. When possible, multiple resources are provided for a task, both virtual and those that do not require that the child have access to technology. [Here](#) you will find a sample lesson schedule and blank template to go along with these activities for both students and parents with and without access to technology.

Grade Bands

- [K-3](#)
- [4-8](#)
- [9-12](#)
